

GRAHAM-NEWMAN CORPORATION

52 WALL STREET

NEW YORK 5. N. Y.

February 27, 1948

To the Stockholders of Graham-Newman Corporation:

Submitted herewith is a copy of the report of our auditors, Messrs. Stern, Porter, Kingston & Coleman, covering the fiscal year ended January 31, 1948.

The appended balance sheet indicates a net asset value of \$114.13 per share on January 31, 1948, compared with \$116.84 per share on January 31, 1947.

Dividends of \$17.10 per share were paid during the year, of which \$12.97 has been designated as Capital Gain Dividends, pursuant to Section 362 of the Internal Revenue Code.

The over-all gain for the fiscal year, after deduction of the decrease in unrealized appreciation, amounted to \$14.39 per share on the average number of shares outstanding. Net realized profits for the year, without reflecting the shrinkage in unrealized appreciation, amounted to \$17.01 per share.

The indicated net asset value as of February 14, 1948, was approximately \$111 per share.

The annual meeting of stockholders is scheduled to be held on Monday, April 12, 1948. In connection therewith, it is expected that formal notice will be mailed to stockholders before April 2, 1948, together with a proxy statement and request for proxies.

Very truly yours,

Benj. Graham,  
President

Jerome A. Newman,  
Vice-President & Treasurer

To the Board of Directors and Stockholders of  
Graham-Newman Corporation:

We have examined the Balance Sheet of Graham-Newman Corporation as at January 31, 1948 and the related statements of Profit and Loss, Surplus and Unrealized Appreciation of Investments for the year then ended, have reviewed the system of internal control and the accounting procedures of the company and, without making a detailed audit of the transactions, have examined or tested accounting records of the company and other supporting evidence by methods and to the extent we deemed appropriate and in accordance with generally accepted standards applicable in the circumstances.

Pursuant to regulations of the Securities and Exchange Commission applicable to regulated investment companies, the Balance Sheet herein gives effect to the evaluation of investments in securities at their quoted market values as at the date thereof.

In our opinion, the accompanying Balance Sheet and related statements of Profit and Loss, Surplus and Unrealized Appreciation of Investments together with the notes appended thereto, present fairly the position of Graham-Newman Corporation as at January 31, 1948 and the results of its operations for the year then ended, in conformity with the accounting principles set forth hereinabove applied on a basis consistent with that of the preceding year.

- (d) Excess of amount realized from sales of capital shares over stated value thereof (\$50.00 per share).

GRAHAM-NEWMAN CORPORATION

NEW YORK

NOTES TO FINANCIAL STATEMENTS

JANUARY 31, 1948

NOTE A - UNREALIZED APPRECIATION OF INVESTMENTS

The unrealized appreciation of investments at January 31, 1948 was \$23,258.60, represented as follows:

	<u>Cost</u>	<u>Quoted Market Value at January 31, 1948</u>	<u>Unrealized Appreciation (or Depreciation)</u>
Investments in Securities	\$3,818,607.17	\$3,808,176.	\$-10,431.17
Securities Short	-71,077.77	-37,388(a)	+33,689.77
Together	<u>\$3,747,529.40</u>	<u>\$3,770,788.</u>	<u>+\$23,258.60</u>

(a) Cover Value

NOTE B - COMPENSATION OF OFFICERS

The compensation of Benjamin Graham and Jerome A. Newman as officers of the company for the current fiscal year is, in respect of each of them (a) a stated salary of \$15,000. per annum, and (b) additional compensation in an amount equal to 10% of the excess of the "over-all net profit" (as adjusted for the net change as at the end of the year, as compared with the status at the beginning of the year, in the unrealized appreciation of investments) over the sum of (i) the amount by which the "over-all net profit" for the prior year was less than an amount equal to \$0.01724 per share per day on the average number of shares outstanding during that year, and (ii) an amount equal to \$5.84 per share on the average number of shares outstanding during the current year. The above amounts viz: \$0.1724 per share per day and \$5.84 per share per year represent respectively the equivalent of 5% on the asset value of the capital stock at the beginning of the respective fiscal years, viz: at January 31, 1946 \$125.88 per share and at January 31, 1947 \$116.84 per share. In effect, additional compensation is therefore payable to each of these officers in an amount equal to 10% of the excess of the "over-all net profit" over an amount equal to 5% of the asset value of the capital stock at the beginning of the year, - any deficiency in profits as compared with such exclusion (of 5% on the asset value of the stock at the beginning of the year) being chargeable against the profits of the subsequent year or years in arriving at the base upon which additional compensation is to be computed. The additional compensation payable to these officers cannot be in excess of 25% (12½% to each) of the amount of dividends paid during the year. In the event that additional compensation had been computed and paid upon this latter basis, then, in the event of the death of either, or upon the termination of his tenure of office, he or his estate would be entitled to receive any excess of the amount of additional compensation as computed on the basis of the "over-all net profits" (after deducting the exclusions above noted) over the amounts that had previously been paid to him. Had such event occurred as at January 31, 1948 there would, however, have been no additional compensation payable to either officer or to his estate other than the amounts set forth in the statements herein.

---

NOTES TO FINANCIAL STATEMENTS

JANUARY 31, 1948

(CONTINUED)

---

NOTE C - TAX STATUS

The company is a "regulated investment company" under the Internal Revenue Code, and as such it is subject to Federal income tax at 25% of the excess of its net long term capital gain (less its net short term capital loss, if any) over the amount distributed as "capital gain dividends", and at 38% of the excess of its other net income over the amount distributed as dividends and chargeable thereto. Dividends were paid during the year in an amount which exceeded both the "capital gains" and other income, so that the company is not subject to income tax for the current year. The company intends in the future to distribute all of its net income as dividends. No provision has therefore been made in the statements herewith for Federal income tax on the net unrealized appreciation in market values as at January 31, 1948.

NOTE D - The aggregate dollar amounts of purchases and sales of investment securities, other than government securities, made by the company during the fiscal year ended January 31, 1948 were as follows:

Cost of Purchases	\$4,459,501.
Proceeds from Sales	<u>4,920,352.</u>
